

CSBG ANNUAL REPORT: OTHER NPIS

Final: January 2019

Introduction:

For each National Performance Indicator of the new CSBG Annual Report, there is an option in both Module 3 and Module 4 to report additional indicators not already listed within each domain. These are known as Other Indicators. This document contains a list of Other Indicators that were developed by NASCSP who reviewed hundreds of examples from the network that were received through trainings, emails, surveys and various technical assistance encounters. The Other Indicators were reviewed and edited by the CSBG DATA Task Force which consists of all national partners, State Offices, state associations and local agencies. Local Agencies should review this list and use these Other Indicators, as appropriate, to report their outcomes in the CSBG Annual Report.

This list is not intended to be exhaustive. CSBG Eligible Entities may elect to write in indicators that are not on this list or already in the CSBG Annual Report. This is merely a compilation of common indicators that members of the CSBG Network identified as missing from the CSBG Annual Report. Using indicators on this list will ensure a common language among the Network and allow NASCSP and OCS to count an indicator’s use.

Example of the location of Other Indicators in the CSBG Annual Report:

ⁱⁱⁱ **Food Security:** Food security, as defined by the USDA, for a household means access by all members at all times to enough food for an active, healthy life. Food security includes at a minimum:

- The ready availability of nutritionally adequate and safe foods.
- Assured ability to acquire acceptable foods in socially acceptable ways (that is, without resorting to emergency food supplies, scavenging, stealing, or other coping strategies).

^{iv} **Social Inclusion:** Social inclusion, as defined by the World Bank, is the process of improving the terms on which individuals and groups take part in society – improving the ability, opportunity, and dignity of those disadvantaged on the basis of their identity.
